<input type="checkbox"/> DAY 21 E W S L	<p>Circle the letter associated with the task you've completed. E - Exercise for 30 minutes or more W - Drink at least 64 oz of water S - Avoid added sugar L - Avoid eating after 8 pm</p>			

We are bringing back our EWSL Accountability Challenge for November 2021. All of the daily check-ins will occur in our [Facebook group](#) or on [Instagram](#). Leave a comment under the daily post and tell which of the 4 tasks you completed.

Tracking Calendar: Keep track of your progress with this month's calendar. Circle the letter associated with the task you've completed.

- **E** - Exercise for 30 minutes or more per workout. Your choice of an exercise routine because we want to make this challenge as flexible as possible. No excuses.
- **W** - Drink at least 64 oz of water each day. (If you drink much more than that or much less due to medical limitations (due to kidney issues or other ailments), that's fine. Do what works for you.)
- **S** - Avoid added sugar. That means processed sugar, refined sugar, corn syrup, etc. (Naturally occurring sugars are ok. Do what works best for you.)
- **L** - Avoid eating after 8 pm/avoid late-night eating. (Or... Stop eating at least 2 hours before bedtime if you can.)
- **Be accountable**: Share your daily workouts and meals in our Facebook group and with the hashtag: #BWLWNov. Check-in nightly in our [Facebook group](#) or on [Instagram](#). (6:30 EST)

These daily habits are SO powerful and SO practical. All you have to do is be consistent.

REMINDER: Do what works for YOU! Working out five days a week is a great goal. However, if you can only work out for 2-3 days a week, commit to that. **YOU know your level of fitness.** Also, there are 31 days in the month of August. **If you need a rest day or a cheat day, take one.**

Clean Eating for Wellness and Weight Loss

A Quick Guide to Eating Clean

By Ebony Ajima Jackson

Want to take your efforts to the next level this month? Commit to **eating clean**. It's not about only eating healthy food or being "perfect" with your eating habits. **It's about cutting back on junk food, soda, processed foods, sugary foods, etc., and eating whole, healthy foods 80% of the time (or more).** You'll have a better chance of seeing results on the scale, and you'll have more energy during your workouts if you fuel your body with healthy food. If you'd like to learn more about Clean Eating, [read our helpful E-Book, "Clean Eating for Wellness and Weight Loss"](#).

Disclaimer: Before starting any exercise program or weight loss program, please consult with your doctor. We cannot be held responsible for any injuries resulting from attempting this exercise routine. If you have injuries that could be worsened, are pregnant, have knee issues, or are suffering neck and back pain, you should speak with a professional trainer about what workout would be best for you. Do not attempt if you have current injuries, past surgeries, or other physical issues/health issues that could be affected by exercise. Don't forget to stretch before and after working out to avoid injuries. If you feel pain or severe discomfort, stop.
